PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in Python, Django, React.js, REST APIs, and full-stack web development. Skilled in building scalable web applications, API integrations, and backend services. AMCAT A Grade holder with 99 National Percentile in Computer Science, 98 National Percentile in Quantitative Ability, 92 National Percentile in English Comprehension, and 89 National Percentile in Logical Ability.

SKILLS

- **Languages:** JavaScript, Python, HTML5, CSS3
- **Frameworks/Libraries:** React.js, Django
- **Frontend:** Responsive UI Design, UI/UX Principles, Component-Based Development
- **Backend:** REST APIs, API Integration, Backend Services, JSON, HTTP Protocols
- **Databases:** MySQL
- **Testing:** Manual Testing, Functional Testing
- **Tools:** Git, GitHub, Postman, VS Code
- **Concepts:** Debugging, Database Management, Clean Code Practices, Frontend Optimization, Error Handling

PERSONAL PROJECTS

Shopper (E-Commerce Web Application)

- Built a responsive e-commerce application using React.js with intuitive product browsing, filtering, and shopping cart workflows.
- Designed reusable UI components and optimized frontend interactions for smooth user experience across devices.
- Integrated frontend components with API-driven workflows for dynamic product rendering and real-time cart updates.
- Improved usability and responsiveness through clean layouts and performance optimization techniques.

Smart Speech-to-Text Converter (Full-Stack Application)

- Developed a full-stack speech-to-text application using Flask, React.js, and REST APIs for real-time audio transcription.
- Built backend API endpoints for audio uploads, transcript processing, and history management.
- Integrated Deepgram API services using HTTP requests and JSON-based communication.
- Implemented validation, error handling, and optimized backend workflows for improved reliability.

EXPERIENCE

Python Development Intern

Labmentix Pvt. Ltd. | Oct 2025 – Apr 2026

- Developed and tested Python scripts for backend automation and data processing tasks.
- Worked on debugging, optimizing application logic, and improving code efficiency.
- Assisted in building scalable and maintainable backend solutions.

EDUCATION

Bachelor of Technology (Computer Science & Engineering)
KIPM College of Engineering and Technology

August 2020 - July 2024
CGPA: 7.41/10

CERTIFICATIONS

- Full Stack Development with Python & Manual Testing – Besant Technologies (2025)
- Web Development with React.js – Besant Technologies (2025)

ACHIEVEMENTS

- AMCAT Computer Science: 780 Score | A Grade | 99 National Percentile
- AMCAT Quantitative Ability: 730 Score | A Grade | 98 National Percentile
- AMCAT English Comprehension: A Grade | 92 National Percentile
